THE COURTS

The Reptune Case-Dismissal of the Complaint Against Captain Peabody-The Mysterious Marriage Case-Alleged Fraudulent Representations-Question as to the Validity of a Trust Deed.

UNITED STATES COMMISSIONERS' COURT. The Neptune Case-The Complaint Against the Captain Dismissed.

Before Commissioner Shields.

The case of the United States vs. Captain Peabody, who was charged with cruelty to his men, was decided yesterday. The Commissioner, having reuccided yesterday. The Commissioner, having reviewed the testimony, said no evidence had been presented showing that the defendant had been guilty of the acts complained of—the winesses stating that they had been assaulted by Nolan, the second mate of the vessel. The Commissioner then spoke in strong and condemnatory terms of acts of cruelty to seamen, remarking that where the offence is proven he shall use all the powers vested in him to have the perpetrators punished. He then discharged Mr. Peabody.

SUPREME COURT-CIRCUIT-PART 2. Action Against a Security for Rent-Alleged Fraudulent Representations.

Before Judge Brady. Edward Larnard vs. James M. Ryder .- This was an action for rent of premises in Madison avenue, brought against the security of a lessee. The making of the lease and non-payment were admitted. ing of the lease and non-payment were admitted. The defendant claimed that at the time of making the lease irrandulent representations were made as to the condition of the premises, and alleged that at the time of the execution of the lease by the lease an agreement had been made between her and the lessor that the lease should be for one year, with the privilege of renewal for the second year. The lease as executed was for two years. It was also claimed by the defendant that owing to a leakage in the roof, the premises could not be occupied, and that she surrendered in consequence.

The case has not concluded.

SUPERIOR COURT-TRIAL TERM-PART 2-The Moore-Bonnell Slander Suit-The Testi-mony Closed-A Scaled Verdict.

Before Judge Spencer.

Delia W. Moore vs. John S. Bonnell.—The hearing of this case was resumed yesterday morning. Counsel for the defendant asked to examine some witnesses whom he had not previously brought into court. Mr. Shaffer, counsel for plaintiff, objected to have any witnesses examined except the coachman

have any witnesses examined except the coachman wao drove the parties to be married, as that had been agreed upon on Friday. The Court overruied this objection, and John Hornell was but upon the stand. He testuied that in 186 he delivered a letter from Bounell to Miss Moore.

Mrs. Simonson, whe of the school trustee, testified that she saw a bea in the back parlor of the house in Fitty-second street, where the plannar lived, and was tool by her that it was put up for bonnell when he was in fown; she went to the plannar she had ead told her that defendant told her husband, in her presence, of marks upon plannars and it was beeneather dignity to submit to such examination; she was willing to have any lemaic friend of hers examine her in regard to them; plannars said it was beeneather dignity to submit to such examination; she was asked by Mr. Shahler if she had ever been timed out of plannars house for milecent exposure of her perner dignity to submit to such examination; she was asked by Mr. Shaher if she had ever been turned out of plaintin's house for indecent exposure of her person and answered in the negative. Harriet Simonson corroborated the last witness' testimony with regard to the bed; she was also cross-examined as to some difficulty which arose between her family and the plaintin's, but denied any knowledge of it. Mr. Robinson, principal of the school in when Miss Moore was teacher, was examined in reference to a note signed "Dene Bonnell," accepting an invitation to the theatre, and swore that it was not plaintin's handwriting.

Mr. Stinert, a frequent visitor at plaintin's house, denied having over seen a ned in the back parior.

Mrs. Stinert testified to Mrs. Smoonson, detendant's witness, having been put out of her house for exposing her person, and also to a dispute with Harriet Simonson's brother in reference to it.

Miss hoore hersel, was put on the stand by Mr. Stanfor, and swore positively that she never told any person of marks on her person.

This brought the testimony to a close, and, counsel having summed up, Judge Spencer proceeded to charge the jury at some length.

A scaled verdict was tuen ordered, which will be amounced this morning.

SUPREME COUNT-SPECIAL TERML

Question as to the Validity of a Trust Deed. Before Judge Barnard.

W. H. Braman vs. Charles H. O'Connor, Trustees fc.—This was an action brought by the assignce in bankruptcy of F. B. O'Connor to test the validity of a trust deed which was executed by him to his two sons, the defendants, in September, 1866, as security for certain trust funds which had been received by Mr. O'Connor from time to time belonging to differ-Mr. O'Connor from time to time belonging to different estates, of which he had been executor, and as to which his co-executors and requested him to take and use the moneys, paying interest thereon to the trustees. The feed was executed and hunded to the grantees, and F. B. O Counor then placed it in his safe, where it remained till about the time of his failure—a year afterwards. Mr. O'Connor was solven at the time of executing the conveyance, but thereafter incurred heavy responsibilities connected with the purchase and improvement of the salisbury paper mill, which resulted in his failure. The real estate covered by the trust deed was by an arrangement sold, and a free clear tille given and the moneys deposited in a trust company. The action was now brought to determine the title to those moneys, which stood before the Court in heu of the real estate. Mr. A. R. Dyett, on behalf of the plaintin, contended that the qued was invalid; first, on the ground that it never was de livered, and, secondly, that it was fraudulent as against the creditors. Mr. Vanderpoet, for the defendant, argued contra, and the case having been submitted the Court took the papers and re-

Rernard Beiger, Joseph Cohn, Frank Solomon, Emma Haas (six cases), James Young, Mary C. Wilkin (eight cases), Ellen Townley, Ehen Gilmore and Ber-nard Lowenthal, grand farceny; Same vs. John Sulliyan, John Maher and Jacob Fisher, petit larceny.

RECORLES COURTS.

UNITED STATES DISTRICT COURT. The Wallabout Improvement.

Hefore Judge Benedict.
The argument on the motion made on the part of the government for an injunction restraining the Wallabout Improvement Commissioners from conthuing their work on the basin until they place crib work on the United States side in order to prevent in their landslides, was heard yesterday. Assistant District Attorney Allen appeared for the United States, and Mr. Cullen for the Commissioners, Judge Benedict took the papers and reserved his decision.

UNITED STATES COMMISSIONERS' COURT

The Alleged Counterfeiters. Before Commissioner Newton. In the case of Antonio Cattucee, Marco Balafree

and Pablo Mauci, the Italians arrested on the charge of counterfeiting nickel coin at No. 43 York street, the hearing has been set down for Wednesday, at tweive M. The accused were committed by Com-

Alleged Conspiracy to Defraud the Govern-

ment.
The United States vs. Richard Rowland et al.-The defendants in this case were arrested on the charge of conspiring to defraud the government by means of a bogus mortgage on property which had been seized for violation of the revenue laws. Yes-terday E. H. Perrin, one of the defendants, waved examination and was held in ball to await the ac-tion of the Grand Jury. The hearing of the cases of others was postponed until the 21st inst.

SUPREME COURT-CIRCUIT. Action Against the Harlem Railroad Com-

pany. Before Judge Tappen. Mary Buckley vs. the Harlem Rattroad Company.—The plaintiff brings suit to recover \$5,000

damages alleged to have been sustained by being pushed from the platform of a Fourth avenue car in the Bowery, near spring street, New York. The allegation is that on the 7th of June last she got on the back platform of a car and inquired or the conductor if the car went to Yorkville. The conductor replied in the negative and pusited her off. Her head struck the pavement and was severely cut.

The delence is a general denial. A scaled verdict will be rendered this morating.

The following is to-day's calendar:—Nos. 214, 28, 135, 103, 174, 181, 195, 222, 235, 237, 239, 241, 242, 245, 245, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 256, 256, 257, 258 to 266 inclusive, 257, 268, 269, 271, 272, 274, 276, 277.

THE RAILEOAD SUBSIDY RING IN THE UNITED STATES SUPREME COURT.

The Kansas Pacific Railroad Company Re fases to Pay Taxes—It Gets an Injunction Against the Tax Collectors—The Case Goes to the Sopreme Court of the United States-Are Subsidized Corporations Limble to be Taxed ? WASHINGTON, March 14, 1870.

There is a case now pending in the Supreme Court of the United States that so well exhibits the terrible greed and rapacity of the railroad subsidy gobblers now clamoring in the lobby of congress fo "more aid" that I am induced to give it a brie The Kansas Pacific Railroad Company is an old

acquaintance, a great Western counterpart of the New Jersey Camden and Amboy, excepting that as yet, to the credit of the members be it said, it has not been able to control the Kansas Legislature, though its road extends through the entire length of the State, nearly 400 miles. The coarter for the road was granted by the Kansas Legislature in 1855, and it is in nowise a national enterprise further than that through the influence of the brazen-facedness of the subsidy ring it has been from time to time aided by the national government. It has been known as the Leavenworth, Pawnee and Western Railroad, the Union Pacific Eastern Division, and now as the Kansas Pacific Railway Company. The HERALD of the 10th inst. contained an account of its managers' operations in the lobby of Congres for ten years past, where they have obtained direct and indirect aid, in shape of free gitts of lands, ions of bonds and privileges of liens, amounting, it is extimated, to about \$53,000,000. The amount of State and county ald granted I am unable to ascer-

State and county aid granted I am unable to ascertain, but am informed that the county of Leavenmorth alone subscribed, and paid for in full, a quarter of a million dollars' worth of stock.

A man in the moon, who knew little or nothing of subsidized corporation managers, would certainly suppose that men so bounteously aided would be eager to pay their fail share of taxes. At least he would never suspect that they would refuse to pay fairly assessed State and county taxes on the ground that they had been aided by the initional government; but he would find himself very much mislaken by looking over the records of the Supreme Court of the tinted States. In their bull of complaints' the Kansas Pacific Railway managers set forth:—"That the authorities of the county of bouglas have assessed the railroad and telegraph laxen by looking over the records of the Supreme Court of the United States. In their "bill of complaints" the Kansas Pacific Railway managers set forth:—"That the authorities of the county of complaints" the Kansas Pacific Railway managers set forth:—"That the authorities of the county of Douglass have assessed the railroad company in said county, covered by said mortgage of the United States, and nave levied a tax thereon for State, county, township and other numicipal purposes, of \$3,228 49, and have placed the tax roll for the collection of said taxes in the hands of said defendant, James Blood, treasurer of said county of Douglas, for collection, and he demands payment of said company, and is about to proceed to enforce the payment of the same under the laws of the State, unless the said taxes are voluntarily paid by said company. Complainants allege that the said taxes levied by the said counties of Wyandotte, Douglas and Jenerson have been illegally assessed and inid, and are wholly without Warrant or althority of law. That said railroad and telegraph property, being in part the property of the United States, is not stolect to taxation by State authority. Foresceng the embarrassment of the company and injury to the government likely to result from the lovy of taxes upon this property under State authority, the subject was brought to the attention of the Legislature of the State, but no rayorable action was obtained from that body; on the contrary the action of the Legislature indicated an indisposition to relieve the company of any of the barden of taxes of which it compained. For the reasons stated in this bill the compainants pray that the defendants be eujoined from collecting said taxes or any of the saine, and that a temporary injunction issue, restraining and enjohing the said defendants, as above prayed, and that upon the first hearting hereof the said hymogeneous forms to the work of the saine state that the taxes have been legally assessed and laid in the same manner, and according to the same r

and."

At the final hearing for a perpetual injunction the court was divided and the case went to the supreme Court of the United States, where it is now pending. This is the most important case now before the Supreme Court, yet until the issue of to-day's Breakly it has not been heard of. If the corporation came it is case nearly every deligible. Supreme Court, yet until the issue of to-day's Herald it has not been heard of. If the corporation gains its case nearly every dollar's working of rallway properly west of the Mississippi river will be, by the precedent thus established, wholly exempt from State, county or municipal taxation, for nearly every railroad corporation in that section has been aided in some way by the national government, and may therefore claim exemption upon the same ground. The national banks, with their enormous subsury of \$200,000,000, will not be slow to put in their claims for exemption—as, indeed, may any and every corporation that can by hook or crook get a grab at our national Treasury. The unbinshing assurance of this grinding monopoly, in thus seeking to evade its just share of taxation, is absolutely sickening. The small farmer, who, to see out a load of produce for market buys part from a neighbor, must pay an internal revenue nuckster's heense, in addition to his national. State, county and municipal taxes. This grinting railroad subsidized monopoly receives, as a free git, millions upon millions of dollars' worth of our public lands from Congress, and sells them at pleasure: but when called upon to pay a pittance for State and county taxes the managers marca boldly to the Supreme Court of the United States and demand exemption.

THE FULLERTON CASE

Beeision of the Court as to the Admissibility of the Evidence of Co-Conspirators.

Testimony Admitted-Birdsall Recalled, but Not Forthcoming-Marshal Murray Recalled-Objection Taken to the Course of Examination and Witness Withdrawn.

The trial of the case of the United States against William Fullerton was resumed yesterday morning before a very large and interested andlence, Judges Woodruff and Biatchford on the bench. Yesterday was the seventh day of the proceedings in the caseone which has excited, perhaps, a larger amount of interest with the community as regards the defend ant on trial than any that has occurred for many years. The general impression which prevailed, that the objection to the introduction of the declara tion of co-conspirators not on trial, as against the defendant, would have been sustained, and that the case as it stood on the exhaustion of such testimon would have resulted in a dismissal of the complaint, was so general that a greater crowd than usual filled the court room.

On the opening of the court Judge Woodruff stated that the evidence of declarations of co-conspirators was admissible, and directed counsel for the prose-cution to proceed. LETTERS FROM BELKNAP TO THE TREASURY DEPART-

The letter sent by Belknap to the Treasury Department, dated June 3, 1865, was then put in and read. It was addressed to Commissioner Rollins, and stated that the writer (Belknap) believed that General Kryzanowski, who was directed to report whiskey Irauds, should report to him instead of to District Attorney Tracey, of the Eastern District, as it was necessary there should be but one head in the conduct of these cases in order to defeat the ring.

THE FIRST WINESS
called was Daniel C. Birdsall, recalled to identify a letter, but not appearing an attachment was ordered against him.

letter, but not appearing an attachment was ordered against him.

MARSHAL MURRAY RECALLED.

Ex-Marshal Murray, recalled, testified—Had known Beiknap about a year before the fith of June, 1868; knew him quite well; had much to do with him; conversed with him on the 11th of June, 1868; on or about that day, in my office, he said something to me about his oath of office; he thanked me for having written a letter to the Presiden. of the United States to have him restored to his former position in the navy, and said he would give me a chance to make some money; I thanked him, and he said he would see me again; met him subsequently in Nassan street about a week alterwards; he reminded me of what he had told me about making money.

he said he would see me again; met him subsequently in Nassau street about a week alterwards; he reminded me of what he had told me about making money.

The defence objected to this testimony on the ground that it was in reference to a conversation after the 12th of June, 1903, the day had down in the indictiment as the one on which the alleged compiracy against Smith was consummated, and that, therefore, it could only refer to an act committed or to some other than the Smith master.

Mr. Pierrepont confended that the smith matter was one of many acts going to show a general plan of conspiracy to extert money, and the evidence offered was in relation to an offer made by Beaknap in furtherance of the general design of the coospirators; and that even the Smith matter has not ended at the time mentioned, as many things in relation to it had transpired subsequent by the day when conversation between witness and Beiknap was had. The Court decided the evidence inadmissible.

Witness resumed—I saw Mr. Furlerton in Washington about the time Mr. Courtney was on there; this was in November.

Ex-Countsions being made by the defence the wincess was witndrawn.

Ex-Countsions being made by the defence the wincess was witndrawn.

Ex-Countsions being made by the defence the wincess was witndrawn, and the other by Mr. Relinap was the one written about Kryzanowski, and dated June 8, 1868, and the one by Rollins was dated June 8, 1868, and was addressed to Kryzanowski.

The Courtleid that the witness failed to identify the letter sent by Rollins to Kryzanowski, and the letter was withdrawn for the present.

The District Autorney said he had no other witnesses except Birdsall and Frederick C. Tapley: Ridsail could not be loand by the Maishal, and trapley was sick.

Alvall C. Vall.

examined—Knows Mr. Fullerton's office, No. 11 Fine street, some time in June, 1868.

Counsel for she delence desired to show by the witness that about the time of the alleged conspiracy against Smith Fallerton had conspired to obtain money from Collecto

A recess was then taxen; but on the reassembling of the court, as neither sirdsall nor Tapley could be produced, the court was adjourned till this morning at these .

FINANCIAL AND COMMERCIAL.

MONDAY, March 14-6 P. M. Business at the opening this morning was quiet and dull.

GOLD UNSEPPLED AND FEVERISH.

The gold market was firm in earlier transactions to-day, owing to the bullish feeling of the larger operators, who bought last week for a reaction from the extreme low points then touched. The price rapidly advanced to 113%, at which figure realizations commenced, with the result of a decline of about one per cent. Here the telegraph announced the introduction of a bill by Senator Sumner to provide for specie payments by the national banks on the 1st of January next by requiring them to begin the accumulation of specie, at the rate of four per cent monthly on their reserve. It will be seen from the bank statement of Saturday that the banks in this city now hold about fourteen per cent of a reserve in specie. Adding four per cent per month would give them just the required legal reserve of twenty-five per cent in specie on the day fixed for resumption according to Mr. Sumner's plan. This plan would doubtless work successfully in the rural districts, where experience (on which the law is founded) shows that only fifteen per cent of legal tender reserve is necessary for ordinary times. But in our large cities the banks would need a larger margin than twenty-five per cent to meet the exigencies of a run upon them, stimulated, as it would be, by the destre and curiosity of the public to, for a time at least, handle gold and silver again. This impracticable project was advocated in a lengthy speech by Mr. Sumner, the whole affair sending gold down to 111%, the decime being accelerated by the weakness of the foreign exchanges. Here the old story was started about granting belligerent rights to the Cubans, and up went the price again to 1124. The chief fluctuations were as fol-

 STATISTICS ABOUT COLD.

The production of gold from the mines in the United States was for the last two years \$122,000,000. or over \$60,000,000 yearly. It is a curious coincidence that, as our indebtedness to Europe, comprising government bonds and railway securities, is about \$1,000,000,000, the product of our mines seems to be a special fund to pay the interest at an average of six per cent per au-num on this indebtedness. The production of gold throughout the world from the discovery of America to 1843 had steadily increased to \$34,000,000 per annum, which was the production for that year in the whole regions of civilization. In the year 1855 the yield was about \$250,000,000 and has not been less than \$200,000,000 any year since. The production of gold in the last twenty years has been double what it was for the 300 years before, the progressive increase being due to the improvement in machinery for extracting the ore.

STOCKS IRREGULAR. The stock list, ourside of the leading favorites, was dull and heavy, being still sensitive to the changes in the gold market. The Northwest directors held a meeting to-day at which they resolved to petition the Legislature of Wisconsin for the right to classify themselves and stay in office, as in the case of the Ene and other reads. This action was regarded as another sign of a struggle which may make the stock very active and strong before the annual election, and hence the price advanced to 72%. The preferred stock did not respond to this advance, but was heavy and lower. The Vanderbilt stocks led the market, and by their buoyancy kept the general market affoat when it threatened to go "on" with gold at 111%. The weak spot was Pacific Mail, which broke to 35%. It is reported that the Union Pacific stock will be placed on the call within a few days. The price to-day was quoted 41% a 42. The following were the closing prices of stocks at the last session of the Stock Exchange:—Canton, 61 1/2 bid; Cumberland, 27 bid; Western Union, 33% a 33%; Quickstiver, 12 a 12%; Mariposa, 8% a 9%; do. preferred, 18% a 20; do. certificates, 49% a 51%; Pacific Mail, 35% a 35%; Boston Water Power, 17% a 18; Adams Express, 62% a 62%; Wells-Pargo Express, 20% a 21; American Express, 38 a 38 %; United States Express, 49 a 49 %; New York Central consolidated, 971/2 2 97%; do. scrip, 95% a 95%; Harlem, 143 a 145; Erie, 24% a 25; Reading, 97 bid; Michigan Central, 120; Lake Shore, 86% a 86%; Illinois Central, 143% a 143%; Cleveland horses entered for the "Fordham Stakes" and the and Pittsburg, 99%; Chicago and Northwestern, 71% a 72; do. preferred, 86% a 87; Cieveland, Columbus and Cincinnati, 73% bid; Rock Island, 118% a 118%; Milwaukee and St. Paul, 61% a 61%; do. preferred, 74%; a 74%; Toledo and Wabash, 45% a 45%; do. preferred, 73 bid; Fort Wayne, 93% a 93%; Alton and

GOVERNMENTS HEAVY AND DECLINED. The government market was heavy and weak, and prices steadily declined as the day progressed, the lowest prices being made in the afternoon at and subsequent to the last board. With the reaction in gold there was a firmer tone at the decline, but little or no improvement in prices, and the market closed steady with the following street quotations:-United States currency sixes, \$12% a 112%; do. sixes, 1881, registered, 114% a 114%; do. do., coupon, 114% a 115; do. five-twenties, registered, May and November, 109 a 109 k; do. do., 1862, coupon do., 110 k a 1193 k; do. do., 1864, do. do., 109 k a 100%; do. do., 1865, do. do., 100% a 100%; do. do., registered, January and July, 109 a 109 %; do. do. 1865, coupon, do., 108 4 a 108 4; do. do., 1867, do. do., 109% a 109%; do. do., 1868, do. do., 109% a 109%; do. ten-forties, registered, 105% a 105%; do. do., cou-

SOUTHERN SECURITIES STEADY.

The market for the Southern State bonds was generally steady, if not firm. The exceptions were the Virginias and Louisianas, which continued heavy, and declined a half to two per cent. The foreign orders for these bonds are reported countermanded, and those not shipped are reported to have been thrown on the market again. It is difficult to comprehend the cause of such a change of sentiment, unless it be an unfavorable interpretation of Governor Walker's message in Virginia and of the legislative proposals to issue more Louisiana bonds. The home demand seems to run on the low-priced bonds, and hence there is considerable inquiry for the new North Carolinas. The new fennessees were strong to-day on purchases by parties supposed to have a knowledge of what is transpiring behind the curtain at Nashville. The new South Carolinas sold at 86. The latest street prices for the Southern list were as follows:-Tennessee, ex coupon, 50 a 60%; do., new, 51 a 51%; do., five per cent, 42 a 44; Virginia, ex coupon, 68 a 69; do., new, 68 a 70; do., registered stock, 55 a 55 /2; do., registered, 1866, 63 a 65; do., registered, 1867, 60 a 61; Georgia Sixes, 83 a 84; no. sevens, 93 a; 94; do. do., interest then. The sales were 2,984 bales (including fill to arrive), of continual 8, 87 a 90; North Carolina, ex coupon, 46 a 47; do., new, 26 a 28; do., special tax, 23 a point, 310 for spinning and 356 on speculation. The business in ruture depoin, 46 a 47; do., new, 26 a 28; do., special tax, 23 a per ib. higher. There were soid 100 bales basis per ib. higher. There were soid 100 basis basis per ib. higher. 12%; do. do. eights, 84 a 84%; Alabama eights, 67 a 98; do. nves, 72 a 73; do. sixes, sterling, 80 a 86; South Carolina sixes, 88 a 90; do., new,, 83 a 83%; do., registered stock, 80 a 85; city of Memphis sixes, 51½ a 52; do. Atlanta eights, so a 55; do. Savannah sevens, 56 a 87; do. New Orleans consols, 75 a 77; do. do., issued to railroads, 70 a 72; Mobile and Onio sterring, 74 a 75; do. eights, 67 a 70; Mississippi Central Railroad first mortgage, 76 a 77; do. second do., 60 a 63; Memphis and Charleston, first mortgage, 85 a 87; do., second do., 76 a 77; do. stock, 45 a 47; Greenville and Columbia Railroad, guaranteed, 75 a 76; Macon and Brunswick, seven per cents, guaranteed by Georgia, 82 a 83.

THE MONEY MARKET. The money market was a shade more active, and while the prevailing rates on call were four to five per cent, new transactions on stocks were generally at six. Commercial paper was without essential change in rates.

POREIGN EXCHANGE WEAK. The foreign exchange market was unsettled and weak, the leading bankers putting down their rates to 105 for sixty day sterling. They even allowed a commission of one-sixteenth off these rates to the exchange prokers. The demand for to-morrow's steamer was comparatively light, even at the lower range of quotations, which were as follows:-Sterling sixty days, commercial, 107½ a 107½; good to prime bankers', 107¾ a 108; short sight, 108½ a 108%; Paris, sixty days, 5.26% a 5.22%; short sight, 5.21% a 5.20; Antwerp, 5.26% a 5.22%; Switzerland, 5.28¼ a 5.22¼; Hamburg, 35¼ a 35¼; Amsterdam, 40 a 40%; Frankfort, 40 a 40%; Bremen, 77% a 78; Prussian thalers, 70 a 70%.

THE SPECIE MOVEMENT. The imports of specie at this port during the past week have been as follows:-March 7-Brig La Creole, Curacoa-Silver .. Gold.
March 8—Steamship Pereire, Havre—Gold.
March 9—Steamship Siesia, Havre—Gold.
March 12—Steamship Columbia, Havana—Gold.

THE SUB-TREASURY REPORT. The following shows the result of to-day's business at the Sub-Treasury in this city:— General balance yesterday \$80,851,739

the Boston, Hartford and Eric Railroad Company:-

Total. \$33,549,184
Annual interest required, seven per cent. 2,348,441
Over and above stock.
342 miles, at \$4,900 per mile net, would

342 miles, at \$7,000 per mile net, would earn. 2,304,000 at per mile to earn its interest alone. The Boston and Maine in 1860 earned \$4,000 per mile net. The Boston and Providence, double track, earned \$9,000 net per mile in 1869. To bring up the Boston and Albany and the Boston and Providence would require at least \$5,000,000 more. The total debt would then be \$38,500,000, requiring \$2,605,000 for annual interest at seven per cent. To pay this interest would require net earning on 342 miles of \$8,000 per mile. In 1860 the Boston and Albany earned \$10,000 net per mile. Should the liartiord and Erie ever do as well it would earn \$3,420,000, deducting interest \$2,605,000—3725,000, or two and a quarter per cent on 8tock of \$25,000,000. When this is done the stock would be worth twenty-five dollars per share or thereabouts.

COMMERCIAL REPORT

MONDAY, March 14-5 P. M. steady at our last quotations. Other kinds were dull, but un-changed. We heard of no sales of moment. COTTON.—There was a good business transacted in this

staple to-day, the demand being principally for export, and an advance in prices of about hie, per lb. was established, the market, however, closing dull and heavy at the improve-

and 200 do. for July at 19Me. We append the close tations :-Uplands and Mabile and ters were: A bark to the periode of the periode of

Corn meal, etc., 4.2. a. Corn meal, Brandywine. 4.2. a. c. C. Cheago, in store and affoat; at 16 for choice Milwankee. No. 2, in store; \$1 17 for small lots do., \$1.25 a. \$1.25 for small lots red winter, \$1.40 a. 45 b. 55 for white, \$1.40 for No. 2 spring. Corn was quiet but firm for all, at about \$1.02 a. \$1.25 for only the store and affoat. The anies were 15,000 busbels at 85c. for Western, 18c. for new yellow Southern, and \$1 for yellow Jersey and Pennsylvania. Oats were only moderately active, but higher, the sales being \$5,000 bushels, at \$5.6c. a bd. for Western in store, closing at bdc. bid for print, 600, a 81c. for Western in store, closing at bdc. bid for print, 600, a 81c. for Western in store, closing at bdc. bid for print, 600, a 81c. for Western in store, closing at bdc. bid for print, 800, a 81c. for Western in store, closing at bdc. bid for print, 800, a 81c. for Western in store, closing at bdc. bid for print, 800, a 81c. for Western in store, closing at bdc. bid for print, 800, a 81c. for Western in store, closing at bdc. bid for print, 800, a 81c. for Western in store, closing at bdc. bid for print, 800, bushels (an and 500 a

Prices were quite steady, however, especially for the better grades. About 50 cales were sold within the range of lice, a Sol, for common to choice grades.

Hav.—The demand common and and prices were firm. The receipts common is ght. Shipping was selling at Sol, a \$1, retail lots at \$1, de \$2, de \$1.

Hav.—The market light, shipping was selling at Sol, a \$1, retail lots at \$1, de \$2, de \$1.

Hav.—The market light, shipping was selling at Sol, a \$1, retail lots at \$1, de \$1, were unchanged. Small sales of Carolina were made at \$2.20, a \$3.0.

SEEDS, Calcutta Binseed was dull and nominal at \$2.20, gold, duly paid; clover was quoted at 15c, a 15 ac, timothy at \$4.75 a \$5, and rough fax at \$2.25 a \$2.30, without sales

of consequence.

STEALINE.—The demand was good and prices were higher.
Sales were reported of 3.5 thds. and therees at 14c. a 14 spc.
TALLOW.—The demand was more active and prices were
frome at former quotations. There were sold 10,000 ths. at
14c. a 14c. firmer at former quotations. There were sold 20,000 ibs. at 20,000 a 55,000.

WHISTEY—Receipts 550 bbls. The business was only written at 20,000 ibs. The sales were 20,00 bbls. The sales were 20,00 bbls. The sales were 20,00 bbls. at 26c. 955,000 ibs. It little demand for crude in bulk to-day, and that was entirely for small lots. Holders demanded 15c. at 155,000 bbls. at 15c. 155,000 For crude in bulk to-day, and that was entirely for small lots. Holders to any extent except at about 19,00 lower prices. The sales were confined to 750 bbls, at 15c. 155,000 For crude in buls. the market was dull at about 19,500; no sales were reported. The market for retned oil was more active, the cemand being almost entirely for export; but prices were lower, closing at about 25,500 do, for the first half June, at 25,500 and 3,000 do. for May on terms kept private, 2,500 do, for the first half June, at 25,500 and 3,000 do., for May to Juny, at 25c. For May to October 25%,000 do, for May to Juny, at 25c. For May to October 25%,000 do., for May to Juny, at 25c. For May to October private with the sales were in the price of private with the sales were in the price of the first half June, at 25,500 do. for May to Juny, at 25c. For May to October private, which was in demand at 10c, but we heard of no sales. In Philadeipha the market was dull, there being but little, and as the offerings were still quite libral

COTTON HARKETS.

New Obleans, March 14, 1870.

Cotion in active demand at full prices. Missing, 21%c. a 21%c. Net receipts, 3,935 bales; constwire, 455 bales; continued 4,635 bales; constwire, 456 bales; constwire, 550 bales; sprice, 5,500 bales; stock, 255,500 cates; constwire, 550 bales; price, 5,500 bales; stock, 255,500 cates.
